

MEET WITH Purpose

Achieve business and sustainability goals in everyday meetings. Ensure to have a successful and productive meeting with a big impact on your organisational goals, but a smaller one on the environment.

Mindful
Meeting

Meeting practices are less resource-intensive, so you can host far more environmentally friendly events.

Mindful
Eating

Event dining is re-examined to minimise food waste, and encourage more balanced menu choices, locally-sourced, seasonal or sustainable ingredients.

Mindful
Being

Enhance the meeting experience by adding fitness events, spa promotions, outdoor activities, or energy-building breaks

OUR COMMITMENT TO Social Responsibility

CUT BY HALF OUR ENVIRONMENTAL IMPACT

24k

Reduction of plastic straws consumption

14k

Cubic meters reduction of water consumption

807kg

Of soap donated to people in need

13k

Volunteers hours from employees

12k

Of meals donated to people in need

5k

Young people involved in training programs

DOUBLE OUR SOCIAL IMPACT

MORE Sustainable EFFORTS

- | We collaborate with **Legambiente** to take care of our environment through periodical cleaning initiative in Giudecca or Venice Lido
- | Meet with Purpose **Team up to Clean up** activities – we collaborate with local volunteer organisations to organise educational team-building experiences for groups
- | **Food waste reduction**: food donations to the Redentore Church following meetings & events at the hotel
- | Trainings aimed at developing new skills for the inmates of the local female correctional facility useful for their **reintegration into the community**
- | Collaboration with **Emergency** through many initiatives to support the ONG's volunteer efforts and projects
- | **Water and energy consumption reduction** through a specific bed linen and towel re-use program
- | Our meeting & event spaces are **free of plastic**
- | Garden watering using water resulting from **purification treatments**
- | **Green Key** and **MareVivo** certificates holder
